## **The Cause**

The YouthQuest Foundation provides support for the academic development and life-enriching activities of America's youth. We believe the best way to prepare teenagers for productive lives, particularly at-risk teenagers, is through a quality education and the development of fundamental life skills. A core mission of YouthQuest is to provide educational scholarships. These scholarships are awarded to at-risk teens with college or vocational aspirations. Whether they are interested in pursuing a degree or developing proficiency in a trade, our scholarships make continuing education possible for those at-risk teens who have embarked upon a new path by participating in a viable program focused on helping them reshape their lives.
