The Cause

The YouthQuest Foundation, a 501(c)(3) nonprofit organization based in Chantilly, Va., provides academic and vocational development, infrastructure support and life-enriching experiences for America's at-risk youth. We believe the best way to prepare young people for productive lives is through quality education and the development of fundamental life skills. Our grants and scholarships help at-risk teens pursue a college degree or gain proficiency in a skilled trade. This tournament, our signature fundraising event, makes it possible for us to sponsor programs such as the *3D ThinkLink Initiative*, which uses 3D design and printing to teach critical thinking and problem solving. Our classes help troubled teens learn to think differently and make better decisions as they enter adulthood.
